## SYNOPSIS

Starring Glenn Close and Jonathan Pryce as Joan and Joe Castleman, *THE WIFE* interweaves the story of the couple's youthful passion and ambition with a portrait of a marriage, thirty-plus years later—a lifetime's shared compromises, secrets, betrayals, and mutual love. Now, Joe, whose literary star has blazed since he and Joan first met in the late 1950's, is about to be awarded the Nobel Prize for his acclaimed and prolific body of work. The Castleman marriage and literary legend will never be the same.
